

Although the time passed slowly, the “New Modernized Clubhouse” is now open for everyone to enjoy.

The “New Clubhouse” is welcoming, fresh, bright, beautiful and modernized. The “New Clubhouse” will continue to provide the same opportunities for socializing and organized activities. The “New Clubhouse” through thoughtful planning and renovation assures that La Solana will support and improve the values of our condos over time.

The goal of the renovation committee was to align the physical space with a modern aesthetic update and daily social activity. Let’s thank the volunteers and support staff who have spent the past eight months working nonstop on this project. The Board approved a Committee in January to begin work and the actual renovation started, after months of preparation on May 22, 2026 and concluded with the open house August 28, 2026.

Please extend a huge thank you if you get an opportunity to the volunteers: Jan Smith, Sue Dunn, Moreen Murphy, Dallas Reynolds, Karen Gablesen, Judy Clinman, Martha Scott, Terri Ward, Bill Ward, Becky Panko, Cheryl Emert, Dan Halsey, Elaine Weber, Betty Lewis, and Karen Hissong.

Special thanks to Patti, Mike, Carla, and Scott who endured change, lots of dust, constantly moving things, cleaning, many frustrations, and seeing Jan and Sue every day, all day. Please go see the beautiful new sofa table made by Scott and Moreen. They took one of our existing tables and turned it into one of a kind.

Thanks to the La Solana Board and Kathleen Decoite for their support and vision to make La Solana the diamond in The Grand. We also want to thank Arlette Itami of Itami Construction for working hard for us to accomplish our vision. Everyone is asking what the next project is. How about paving? The seal coat of the center section and the east parking lot will begin soon. You will get information soon!

Jan Smith, La Solana Board President
